EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Kocovsky on 9/28/2006. The application has been amended as follows: at lines 10-11 of claim 1 after "at least three bearing surfaces" delete "forming several pairs of bearing surfaces"; at line 3 of claim 4 after "bearing" delete "bush" and insert -- bushing --; at line 2 of claim 6 after "claim" delete "1" and insert -- 2 --.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest a coating device comprised of: a shaft rotatably supported in the metal melt by means of a slide bearing for guiding the metal strip, the slide bearing being formed by the following elements: a bearing housing a bearing bushing with a pair of bearing surfaces defined therein, the bearing bushing is being circumferentially closed and including at least three bearing surfaces, such that the bearing bushing is adapted to be set in several rotational positions in circumferential direction in the bearing housing, and a releasable bearing bushing fixing element for locking the bearing bushing in each of the set of rotational positions with respect to the bearing housing.

The prior art fails to teach or suggest a coating device comprised of: a shaft for guiding the metal strip; a bearing in which the shaft is rotatably received, the bearing

including: a bearing housing, a sleeve bushing rotatably received in the bushing housing, the sleeve bushing defining an interior bore with a plurality of bearing surfaces, selected pairs of the bearing surfaces being rotatable to orientations to engage the shaft in a direction of radial force, and a mechanism for fixing the sleeve bushing to select the pair of bearing surfaces that engage the shaft.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brenda A. Lamb whose telephone number is (571) 272-1231. The examiner can normally be reached on Monday-Tuesday and Thursday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris Fiorilla can be reached on (571) 272-1187. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
